of Property, Bestroyed!

FIRE IN LONDON: \$2,500,000 LOSS!

By the whaleship Marengo, Barnes, arrive re on the 7th inst., 21 days from San Francisco we have dates from that port to the 15th ult., days later than by the steamer Ajax. We give below the most important telegraphic news:

Terrible Configration in Boston. Boston, November 9th -A terrible configrat is now raging at the corner of Summer and Kingsto The following is the programme for Saturday streets. The fire extends east and west on Kingston reet, and north and south on Sammer street. Th engines are hauled by hand. The burning proper nsists entirely of dry goods stores. Four alar

have been sounded. LATER-There is no abatement in the fire, which is the most extensive which has visited the city fo twenty years. It has extended the whole length At the request of several gentlemen, who had J. M. Becbee's, Anderson, Heath & Co.'s, and the loss can be given, but reporters my it will go into the millions. The Subarban Fire Departm has been called upon. The fire in now at its height permassion to publish it. It will be found on The buildings are principally of granite. A north west wind is prevailing. People here call it a seco

Chicago conflagration. 11 P. M.-The fire is now raging within two block THE NEXT MAIL -The steamer Dakota are of the Western Union Telegraph Company's office preparing to vacate. Firemen and materials have been ordered to Boston from adjoining towns, so that if the communication with New York is lost, nile through the heart of the business portion the city, and is spreading with frightful rapidity. 11:30 r. st.-the fire is progressing toward Broad street, having swept both sides of Summer street t

> of the fire. Fire engines have been telegraphed to from Providence, Worcester and other places, gress streets. Every kind of vehicle is impressato moving the goods. The fire has reached Bro street wharves south of Congress street. Vess

High and Purchase streets. Goods are being re

noved from stores in every direction in the vicin

are on fire. The Hartford and Eric Railroad depo New York, Nov. 10 .- The intelligence of the de ructive fire at Boston, as it became known at sev eral hotels and places of public resort here, to-night, created intense interest. The fire is considered by residents of that place now here as likely to spread, unless help speedily arrives, they will be compelled extensively, as it has reached localities where these to desist. We are expecting trains every mome finest portion of the business section of the city. The losses must reach an enormous figure.

Bostos, Nov. 10-12:30 a. M.-The fire still rages. It is feared that the entire area from Summer street, many thousands of dollars worth of goods were on South Washington street, on West Milk street, carried off. The police did all in their power, and on North street to the water east, will be laid; which at best was little. Some two hundred men waste. Pearl street so far has escaped. The heat is and boys, and several women have already been

ed "to stick a notice on a must erect in the sea . 1:30 a. m.—The buildings on the east side of Wash. which is sure to be seen by some Corean junk, ington street are in imminent danger. first caught in the engine room, and the flame
for a survey is completed. This method of
spread with lighting rapidity up the large elevator
and was first seen climbing underneath the wook
will be pursued because it is best adapted to the
work of the roof. The engines were fairly at work

The building winds which precail in those sens. The steamer before any other store had caught. The building Narragansett, which is now among the Islands, in the vicinity were all graulte, four stories high will return before long to San Francisco, fitted reach surmounted by a Mansard roof, and none of the expedition, and will join the Portsmouth. If them being over five years old,

Detached cinders flow readily, and the air was heated and soon the flames began licking the Mansard roofs on the opposite side of the street above the reach of the streams directed upon them, and rom, all quarters fire was constantly in the sir, and one building after another caught on the roof, and the flames skipped lightly along from one window sill to another so that in less than thirty minute every cheek was blanched, as it became evider that the whole city in one direction was at the merc of the fiames, which were leaping gaily from ro to roof, and from one building to another

The second building to succumb was directly op site that in which the fire broke out, and was upied by Main, Mullin & Bins, Harding Bros, & o., Bowen, Moore & Co., George Lide, Carter & o., Count Bros. - nll wholesale dealers in dry and ney goods.

This was at the corner of Otls Place. The bea w became infernal. The streets ran rivers of water, and every moment was heard the sound of ranite blocks exploding, and entire walls fell into streets, making them impassable.

The firemen were driven from one station to an ther, and many an engine was kept nobly at work, while the firemen were wet by hand. The engineer old only hold his place while a stream of water was kept playing on him. Blocks of granite, weighing tons, were split as if

by powder, and hurled across wide streets. Planks ere flying through the air like feathers. Womer ected barricades and worked behind them, but they were burned almost as soon as erected.

that Beebe's block, the finest business structure in the city, built of granite, five stories high, with that cursed Mansard roof over all, must go within thirty minutes. The flames were coming out in fiery billows from every window, and up the stair way leading to A. T. Stewart's rooms, a perfecamn of flame. This building served but as fuel to the flames. Whole pieces of dry goods went whistling across the source lodging on the windo ills of the magnificent stores on Devonshire stre and Beebe's block. Several minutes after the iosi fell, but the heat warped it, and two millions so lay a heap of stone, brick and mottar

A hurricane of wind now raged, and owing to the ense heat every building caught like tinder. Fourstory granite blocks caught like shavings, and deaf nine explosions were constantly heard.

A new terror was now added to the babel of con The tenement houses at the upper end of the street were being fast licked in by the flames and women, crazed and fainting, were rushing t and fro, carrying children, crockery, clocks, ber ing, etc. One woman ran screaming throug High street, with a stove funnel in her hands, wh other was tugging away at a beavy chest, which would have been a weight for a strong man. Now and then a few pieces of goods might b

minutes, during which they could work in bringi out perhaps a hundred pieces of cloth. The scene at the corner of Milk and Devonsl streets, down towards Federal, and up in the direcion of Washington street, was terrible. could stand within three blocks of the burni-

masses, so the fire had full possession of the build ings within its grasp. As each caught fire the flame and so the torrent of flame grew in length and power with terrible velocity. The falling roofs were sinking every minuete, and arrying with them floors one by one, until wal

came isolated and also fell with a crash. Whol blocks of buildings disappeared in this manner crumbling like card-board. Huge masses of material choked the streets, and taking fire, created also solid body of flames. Fire engines were utter uscless, for no human being could stand near enoug to send streams of water where needed. The firemen are utterly exhausted already, and unless help speedily arrives, they will be compelled

buildings are mostly wooden. The buildings out from Portland and Springfield, with more assist the streets already reported as attacked by the first sance, though they can not safely run up to the city, are mainly constructed of granite and compose the lit was a terrible Subbath that to day dawned upon from Portland and Springfield, with more assist Boston, and we can not tell when or where the destruction will cease. During the contusion hunbreds of thieves plied their villainous trade, and many thousands of dollars worth of goods were

> arrested and jailed. rriage was on the ground, great volumes sudder irst from the rear lower stories, and in less th wenty minutes the whole broad facade, extend one hundred feet along Kingston street, wa et of flame, as was simultaneously the Summe et front. The heat was so intense as to force t fremen away. By this time a strong wind spran np, and the fismes began to sweep over Summa and Kingston streets, and, despite the exertions of the firemen, communicated to the buildings at the opposite corner of Kingston and Summer streets, a well as to the great block at the corner of Summer and Otis streets, and in less than half an hour flame ourset out from the roofs all up and down the broat in manner structures. By this time the win and increased to nearly a gale, and the flames, have a summer to the summer of the summe

> ing the firemen from every vantage ground, render all their exertions futile.
>
> The block in which the fire started was occupied by Tibhetts, Baldwin & Davis, dry groods dealers A. K. Young and Co.'s skirt and corset factory and Damon, Temple & Co., furnishing goods. Not withstanding that this great building was in an incredibly short space of time completely leveled, in destruction had not progressed far before the flame and sparks from it had lodged upon all the building round about it.
>
> The fire spread almost instantly in three directions are supported by the control of the control

ing entire mastery, swept irresistibly onward, driving the firemen from every vantage ground, render

mind about it.

The fire spread almost instantly in three directors, first to the adjoining block, then to the Kingston Block, where were a number of fine bric d granite buildings, occupied by wholesale deal various kinds of light merchandise. All the in various kinds of light merconnise. An the were engulfed in rapid succession. About 10 o'cloo he flames burst from the tops of some building on Arch street, a dozen doors from Summer street and almost before the existence of the fames in the quarter was known they had spread down through quarter was known they had spread down through several buildings, and were bursting in perfect tortents from all the windows in front of the fancy goods store of Hawley, Folsom & Martin. The buildings in either direction were immense stone and granite structures, occupied mainly by large wholesale dealers in dry goods, clothing, fancy goods, furnishing goods, millinery goods, etc.

The Everett Block, an imposing granite block, at the corner of Otis and Summer streets, was soon in flames, and now the fire bears to grane steadily in

the corner of Otis and Summer streets, was soon it fiames, and now the fire began to creep steadily at both sides of Summer Street, crawling from roof to roof opposite the Everett Block, and enveloping the adjoining buildings almost in a moment.

By this time the entire roof of the Everett Block was a sheet of flame, sending high into the air ilurid column of flame and burning brands. The flames then stretched across the narrow part of Arel flames then stretched across the narrow part of Arel street, and moved rapidity un towards Washington reet, and moved rapidly up towards Washingto ect, sweeping away a score of wholesale house unted on this thoroughfare. Winthrop Square very centre of the wholesale trade of the city ad embracing some of the most costly mercant uildings ever erected in this country, and occupi y such great firms as Jas. M. Beebe & Co., Stews of such great nime as well. He cover a cover of the cover

were dwelling houses, and they escaped.

Nov. 11—2:25 a. w. Fire has again broken out in
the stores of Mansh & Co., and Shreve. Crump &
Low, lewellers, and is raging violently. It is hoped,
however, that the fire department will be able to
keep it under. The gas is going out all over the
city.

LONDON, November 10th-7:30 A. M.-A fire brok out last night in the City Floor Mills, Thames street, The entire mills are destroyed, and the fire is still raging. The losses are very heavy, but at this ho so idea can be formed of the amount. All the fire

brigades of the city are on duty at the scene. Loxnon, Nov. 11th-The configration of Satur lay was extinguished but not until the City Flou Mills was entirely destroyed. The loss will excee £500,000. One fireman was killed, and several in jured. The fire is the most extensive and disastro which London has suffered since 1861.

Gladstone is confined to his house by Illness. The Mauritius has been lost in the North Channel off Port Patrick, Scotland, and twenty-three perso were drowned. This rusy be either the ship Mauri ius which cleared from Glasgow, in the latter par of October, or the steamship Mauritius of Dublin LONDON, Nov. 14th .- Heavy gales on the British coast yesterday caused the wreck of many vessel neluding the barks "Jarge" and "Hiswatha Fifty lives are known to be lost, and the number will be increased by reports of additional disasters

the storm was at its height a fire broke out amo the warehouses, spread rapidly, and is still burning Several lives are reported lost and many pers

niured. Paris, Nov. 11th.-The liabilities of Bowles Bro ers, American bankers of this city, who have sus pended payment, are \$500,000. The losses by sus ension fall chiefly upon American tourists.

The adjourned session of the National Assemb has opened at Versailles. Two bundred and thirty were in attendance-an unusually full session Nearly all of the members occupied their seats. The Duke d'Aumale, Prince de Joinville, Rouher an Sumbetta, and other party leaders, were present. When President Thiers entered the Chamber b was received with cheers.

The Assembly will probably be addressed by the esident to-morrow.

BERLIN, Nov. 11th. -Bismarck has sent a mer al to the Emperor, advocating the immediate organ ration of the Upper House of the Prussian Diet and it is stated, semi-officially, that the suggestion will probably be adopted.

BERLIN, Nov. 14th .- Bismarck is ill, and one his physicians in this city has gone to Varnin to attend him. BERLIN, November 19th-The session of the Prus an Diet, which was prorogued at the close of O

tober, opened at noon to-day. The Emperor wa present. The speech from the throne was read by the Cabinet Minister. It is brief and to the purpose. A reduction of the Income Tax is promised. The A reduction of the Income Tax is promised. elation of the State to religious societies was al An hour had hardly elapsed before it was evident injuded to as a subject for legislation. Measures reform will again be submitted, slightly amended The necessity and expediency of the measures ar emonstrated. The speech concludes with the declaration that the Government is firmly resolved t carry out fully its intention of improving the loc administration of the Kingdom, and will svail its of all the Constitutional means at its disposal

of all the Constitutional means at its disposal teffect the object.

The Upper House subsequently elected Baro Stolher, friend of the Government, President, wit only six votes sgallust him.

London, November 18th—5 P. M.—There was eavy gale to-day on the British coast, doing

heavy gale to-day on the British coast, doing muc damage to shipping.

Pants, November 13th—President Thiers was re-ceived by the Assembly to-day.

His message begins with thanks to God for pre-gress in the work of restoration and general pro-perity of the country. Referring to the extraord-nary success of the last loan asked by Governmen it says: "The whole available capital of the con mercial world was offered to France; half the lo has been raised in three months. Germany h been paid \$00,000,000 trancs of the war indemnii and will receive 200,000,000 more in December. To budget shows a defleit of 132,000,000 of france i past fiscal year, but the estimates show th llibrium of expenditures will be restored in 187 equilibrium of expenditures will be restored in 18 iand that a surplus may be looked for in 1874."

Allusion is made to the disasters of the late wand cruel dismemberment of the country, the fright full burthen it had to bear, and the establishment the Republic. All these things suddenly burstis on a surprised and disheartened country might ha resulted in irreparable disaster had not order be

naintained.

A forcible appeal is made to theoretical Repub not to spare even excessive sacrifices for irr own interest. Events have given to blic. The Republic exists as a legal Go combine. The Republic exists as a legal tower nearl, and attempts to introduce any different for f government would lead to the most terrible rotutions. The President deprecates the form reciamation of the Republic by the Assembly he better policy would be to impress on the institutions of the country the features of Conservative publicanism. The Republic must be Conserve ve, otherwise it cannot exist.

The absolute need of France is recover. The R The absolute need of France is repose. The R

bile of France, orderly and strong, inspires cor-cuce in foreign powers who desire, above all, t equilibrium for France, and II she chooses no or the initiation of constitutional measures, the d isive moment has arrived for work.

The President promises cooperation, and con-cludes by invoking God to bless the work of the As-sembly and render complete and durable the co-summation which has not been attained since the commencement of the century.

LONDON, November 14th—The Pensall Coal Mine, in Staffordshire, suddenly ignited to-day while the men were at work. Eleven miners were rescued, men were at work. Eleven interes were rescued, but twenty-two remain in the mine. There is little bope that they will be saved.

Pants, November 14th—In the Assembly to-day Plants, November 14th—In the Assembly to-day Plants, November 14th—In the Assembly to-day the bill for the reform of the jury system was definitely established, was instantly interrupted by exclamations from all sides. It was some time before the lons from all sides. It was some time before the
